14.17: Municipal Priority List

14.18: Severability

14.01: Authority and Effective Date

The Department's amended regulations at 310 CMR 14.00 ("Financial Assistance to Municipalities for Correcting Failed On-site Disposal Systems") are adopted pursuant to St. 1994 c. 85 § 2, and shall take effect upon promulgation.

14.02: Purpose

310 CMR 14.00 sets forth the Department's authority and responsibilities in approving grants to municipalities for the purpose of protecting the public health, safety, welfare and the environment by assisting homeowners in the repair and replacement of failed on-site systems. The Commissioner may issue as deemed necessary and appropriate, administrative procedures, policies and guidance documents required to effectively carry out 310 CMR 14.00. Nothing contained in 310 CMR 14.00 is intended to discourage or prohibit municipalities from using their own funds for similar purposes.

14.03: Definitions

As used in 310 CMR 14.00 *et seq.*, the following terms shall have the meaning set forth in 310 CMR 14.03 unless otherwise clearly required by the context.

<u>Betterment agreement</u>: An agreement entered into between the owner and a municipality pertaining to a betterment for a repair or replacement of a failed on-site system in accordance with the provisions of M.G.L. c. 111, § 127B½ and M.G.L. c. 80.

<u>Commissioner</u>: The Commissioner of the Department of Environmental Protection or designee.

<u>Cost</u>: As applied to any repair or replacement of an on-site system, any or all costs, whenever incurred, of carrying out a project required by 310 CMR 15.00, including, without limiting the generality of the foregoing, costs for construction, expansion, improvement and rehabilitation of an on-site system, materials, machinery or equipment, demolitions and relocations, design, engineering, testing, inspection, legal services and administration.

Department: The Department of Environmental Protection.

<u>Failed System</u>: A system which does not protect public health and safety or the environment as set forth at 310 CMR 15.303.

<u>Loan</u>: A loan of funds to the owner by the municipality for the costs of repair or replacement of a failed on-site system, and which is secured by a mortgage of the owner's residential facilities including the land

and buildings served by the on-site system.

14.03: continued

<u>Local Approving Authority</u>: The board of health or its agent or an agent of a health district constituted pursuant to M.G.L.c. 111, § 27 acting on behalf of the applicable board of health.

<u>Median Household Income</u>: The 1989 median household income as reported by the United States Census Bureau.

Municipality: Any town or city of the commonwealth.

On-Site system: A system or series of systems, including non-conforming systems, for the treatment and disposal of sanitary sewage below the ground surface on a residential lot. The standard components of a system are: a building sewer; a septic tank to retain solids and scum; a distribution box; a soil absorption system containing distribution lines to distribute and treat septic tank effluent prior to discharge to appropriate subsurface soils; and a reserve area. This term includes tight tanks, shared systems and alternative systems as described in 310 CMR 15.000.

Owner: A person who, alone or together with other persons, has legal title to residential facilities served by an on-site system, including but not limited to any agent, executor, administrator, trustee, or guardian of the estate for the holder of legal title.

<u>Person of Low Income</u>: Families and individuals whose incomes do not exceed 50% of the median income of the area involved, as determined by the Secretary of Housing and Urban Development with adjustments for smaller and larger families.

<u>Person of Moderate Income</u>: Families and individuals whose incomes exceed 50% but do not exceed 80% of the median income of the area involved, as determined by the Secretary of Housing and Urban Development with adjustments for smaller and larger families.

<u>Population</u>: The 1990 population as reported by the United States Census Bureau.

14.11: Priority System

- (1) All municipalities, with unsewered areas, have been ranked in accordance with increasing percentage of sewered and increasing household median income and placed on the Department's Priority List in 310 CMR 14.17.
- (2) The grant award received by a municipality shall be limited to \$100,000, unless all other municipalities on the Priority List are not willing to proceed or additional funds are authorized. In no case shall the cumulative total of all grant awards exceed \$10 million, unless additional funds are authorized.
- (3) From the funding authorizations received each state fiscal year available for grants to municipalities on the Priority List the Department shall establish an annual listing of municipalities which the Department deems ready to proceed and for which funds are available in the fiscal year.
- (4) If the Department determines that a municipality which appears on the annual listing will not be ready to proceed during the fiscal year in which it appears on the annual listing, that municipality may be bypassed on the annual listing and provided adequate funding is available, replaced by the next highest ranking municipality on the Priority List which is ready to proceed.

14.12: Program Requirements

(1) A municipality which receives a grant from the Department shall use the grant for betterments or loans to owners for the costs of repairing or replacing failed on-site systems under the provisions of M.G.L. c. 111, § 127B½ and M.G.L. c. 80.

14.12: continued

- (2) Grant funds must first be used for betterments for or loans to owners who are persons of low or moderate income. Income verification to determine eligibility will be done in accordance with the procedures of the Community Development Block Grant Program of United States Department of Housing and Urban Development. The local approving authority shall give preference to those failed systems that are impacting shellfish beds, water supplies or other environmentally sensitive resources.
- (3) Betterment or loan repayments, including interest and penalties, shall be deposited in a separate fund to be used to make additional betterments or loans to fulfill the purposes of 310 CMR 14.00.
- (4) The annual interest rate to be applied by the municipality on the unpaid balance of betterments funded from the grant and any reappropriations shall be 5%. The interest rate on loans shall be established by the Department and may take into account the income level of the owner.
- (5) Amoritization periods for betterments or loans shall be up to ten years for agreements with a cost of \$5000 or less, unless the municipality determines this to be a hardship on the owner, in which case the municipality may extend the repayment period to up to 20 years, and up to 20 years for agreements with a cost in excess of \$5000.
- (6) Betterment or loan agreements funded from the grant proceeds shall contain the following language: "The work performed under this [betterment or loan agreement] is funded in part by the Commonwealth of Massachusetts. Neither the Commonwealth of Massachusetts nor the Department of Environmental Protection is a party to the [betterment or loan agreement]".

14.13: Eligibility

- (1) Betterment or loan agreements executed by a municipality prior to the date of issuance of the Department's grant shall not be betterments or loans which are eligible to be supported by the grant except as provided for in 310 CMR 14.13(1): Betterment or loan agreements covering project costs for construction in emergencies or instances where delay could result in significant cost increases or jeopardize the project, may be approved by the Department as eligible betterment or loan agreements, prior to the issuance of a grant award, but only if the local approving authority has certified the costs as being necessary to comply with 310 CMR 15.000 as in effect on March 31, 1995 or thereafter amended. In such instances a municipality proceeds at its own risk. Payment for such costs will not be made unless the grant is awarded and the betterment or loan is financed through the grant.
- (2) Eligible project costs shall be the final approved eligible costs as determined by the local approving authority upon completion of the project.
- (3) Costs which the local approving authority determines are necessary to bring a failed system into compliance with the provisions of 310 CMR 15.000, as in effect on March 31, 1995 or thereafter amended, are eligible for a betterment or a loan.
- (4) Costs which are determined by the local approving authority to be unnecessary to bring a failed system into compliance with the provisions of 310 CMR 15.000, as in effect on March 31, 1995 or thereafter amended, shall not be eligible for a betterment or loan.
- (5) The total cost for administrative and legal services shall not exceed 10% of the amount of the grant.

14.14: Project Application Requirements and Procedures

(1) A municipality which is on the Priority List must first apply to the Department in order to receive a grant. The municipality shall file a completed application form with the Department which consists of two parts:

14.14: continued

- (a) General Information which includes certification of authority to file the application; and
- (b) A Program Section which includes a general discussion of the municipality's goals and supporting documentation on the number of failed systems.
- (2) One or more municipalities which are on the Priority List may enter into an agreement with a public entity such as a regional planning agency, regional housing authority, or local housing authority to file an application and/or administer a grant on their behalf. Two or more municipalities which are on the Priority List may enter into an agreement designating one of them as lead community for purposes of filing an application and/or administering a grant. Municipalities entering into such agreements are not required to be geographically contiguous. Each municipality shall execute the grant agreement and shall be obligated to the Department under such agreement to the same extent as the lead municipality.
- (3) The Department shall review the application and supporting documentation filed by the applicant to determine the adequacy, accuracy and completeness of the information contained therein. Prior to taking final action on the application, the Department may request that the applicant provide additional information or to attend an informal meeting or meetings with the Department to discuss the application. The Department's approval of a grant is based on its review of the complete application and supporting documentation.
- (4) The municipality must have executed and filed a Commonwealth of Massachusetts Master Grant Agreement- Local Governmental Entities or execute a Commonwealth of Massachusetts- Standard Terms and Conditions in conjunction with the Grant Agreement.

14.15: Grant Agreement

- (1) The Department's approval of a municipality's application project shall be contained in a Grant Agreement issued by the Department. In addition to the amount of the award the grant agreement will include a project schedule which shall require the municipality to execute betterment or loan agreements equal to the amount of the grant award in a timely manner, a schedule for the municipality's vote which accepts the requirements of 310 CMR 14.12(3) and the payment requisition requirements and procedures.
- (2) In addition to the terms and conditions contained in Master Grant Agreement- Local Governmental Entities or the Standard Terms and Conditions, the Grant Agreement may also contain such other conditions and limitations as the Department deems necessary to ensure compliance by a municipality with 310 CMR 14.00 and with all other state statutes and regulations applicable to the construction and operation of the project. Such conditions shall include, but not be limited to:
 - (a) The municipality agrees that it will not discriminate against any applicant for a better-ment or loan because of race, religion, color, sex, age, handicap status, national origin or sexual orientation.
 - (b) The Department's rights and remedies provided in these clauses are in addition to any other rights and remedies provided by law, the Master Grant Agreement, the Standard Terms and Conditions or this grant agreement.

14.16: Cooperation with other State Agencies

The Department may seek out opportunities to enter into agreements with other state agencies in order to more effectively carry out the provisions of 310 CMR 14.00.

14.17: Municipal Priority List

 $310\,\mathrm{CMR}$ 14.17 contains the listing of municipalities in order of priority as determined in $310\,\mathrm{CMR}$ 14.11(1).

14.18: Severability

The provisions of 310 CMR 14.00 are severable. If any provision of 310 CMR 14.00 is declared to be invalid or inapplicable to any particular circumstance, that invalidity or inapplicability will not effect the enforceability of the remainder of 310 CMR 14.00.

REGULATORY AUTHORITY

310 CMR 14.00: St. 1994, c. 85, § 2.
